

Personal Tracker

This personal tracking device is an ideal way for families, pets and vehicles to keep track. The tracking device is typically small in size, allowing them to be placed easily. Ideal for children heading to or from school or after school activities and seniors who value their independence. It's all about having peace of mind when you're not there with them. It will help you know where they are right from your App or computer. This **tracking device** tracks your child/valuables in the shortest time with many up-to-date features.

- Make: Jellyfish Telecommunication Pvt. Ltd.
- Model: JFT-PT01

Technical Specification:

GPS Chipset: MTK3333 GNSS Engine

Media Tech

Quad-Band

GPRS Class 2: Max 85.2kbps

- **Protocols(GPS)** NMEA 0183, MEA0183 V3.0 protocol and supports commands GGA,GSA,GSV,RMC,VTG,GLL v2.2
- **Frequency:** GPS L1 Band Receiver (1575.42MHz)
GLONASS L1 Band Receiver(1601.71MHz)
Internet Hexa-band Antenna (850/900 / 1700 / 1800 1900 / 2100MHz)
- **Temperature:** -40⁰ C to 85⁰ C
- **Humidity:** Upto 95% non-condensing
- **Sensitivity:** -161dBm to -167dBm

Accuracy:

Horizontal Position Accuracy Autonomous <2.5m CEP

Velocity Accuracy Without Aid <0.1m/s

- **Anti-jamming:** Multi-tone active interference canceler.
-

Acquisition Rate:

- **Hot Start:** <2s
 - **Warm Start:** <32s
 - **Cold Start:** <32s
 - **Reacquisition:** <1s
 - **Update Rate:** 1Hz
 - **Baud Rate:** 9600 bps
-

Electrical Characteristics:

- **Voltage:** 5 VDC (USB).
 - **Battery Backup:** 1100mAH(Rechargeable).
-
